As the Parent Coordinator here at P.S. 37, my responsibilities and duties are to create a welcoming school environment for parents, to increase parent involvement and to work closely with the school, parents and community organizations.

I also serve as a school liaison between the parents and our Principal. I am available for your concerns and will address them in a timely manner. Throughout the school year, parent resources workshops and activities will be offered to our parents.

One important way that you can become involved in your Childs school is by joining the Parent-Teacher Association. The PTA will keep you informed of school fundraising and getting to know our school families.

Any questions please feel free to contact me:

Inside Story Headline

One benefit of using your newsletter as a promotional tool is that you can reuse content from other marketing materials, such as press releases, market studies and reports.

While your main goal of distributing a newsletter might be to sell your product or service, the key to a successful newsletter is making it useful to your readers.

A great way to add useful content to this newsletter is to develop and write your own articles, or include a calendar of upcoming events or a special offer that promotes a new product.

You can also research articles or find "filler" articles by accessing the World Wide Web. You can write about a variety of topics but try to keep your articles short.

Much of the content you put in your newsletter can also be used for your Web site. Microsoft Word offers a simple way to convert your newsletter to a Web publication. So, when you're finished writing your newsletter, convert it to a Web site and post it.
